

Draft 21 moved *the furniture.*

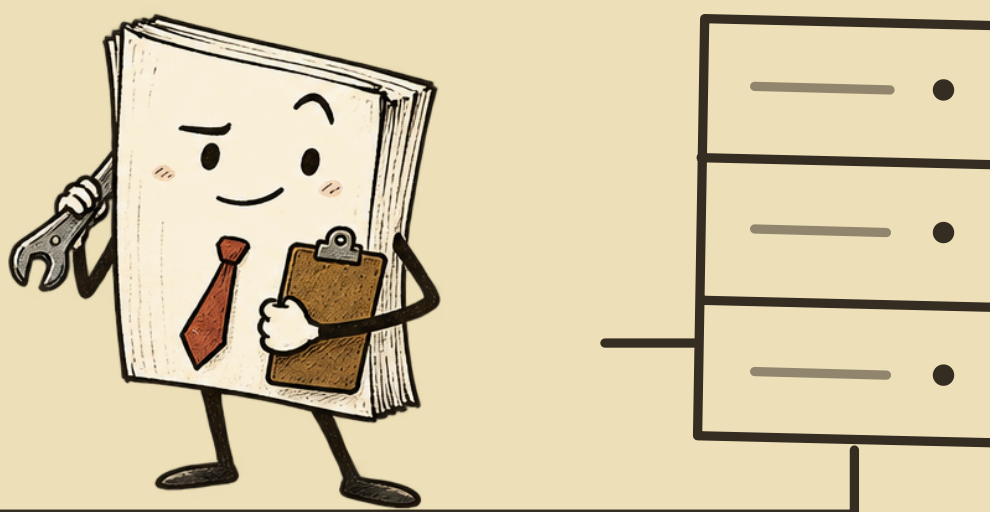

Seattle interop still targets Draft 20.

The relay has *an operator.*

NetActuate

45+ locations

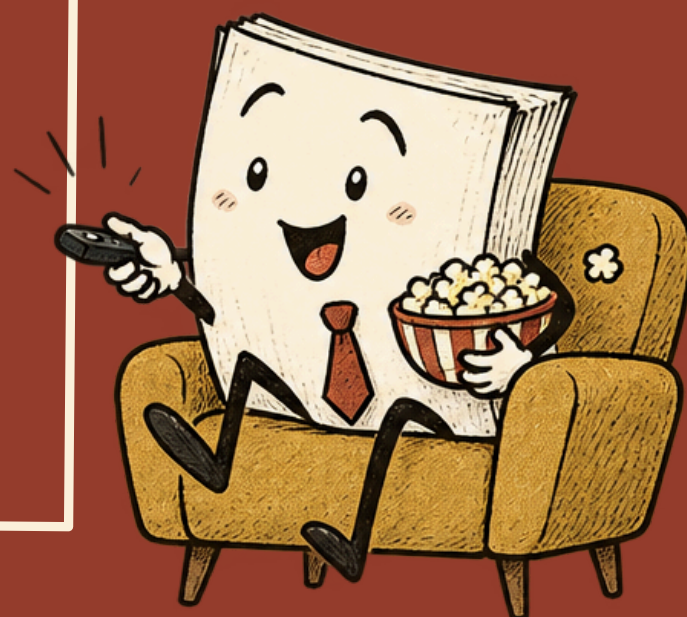

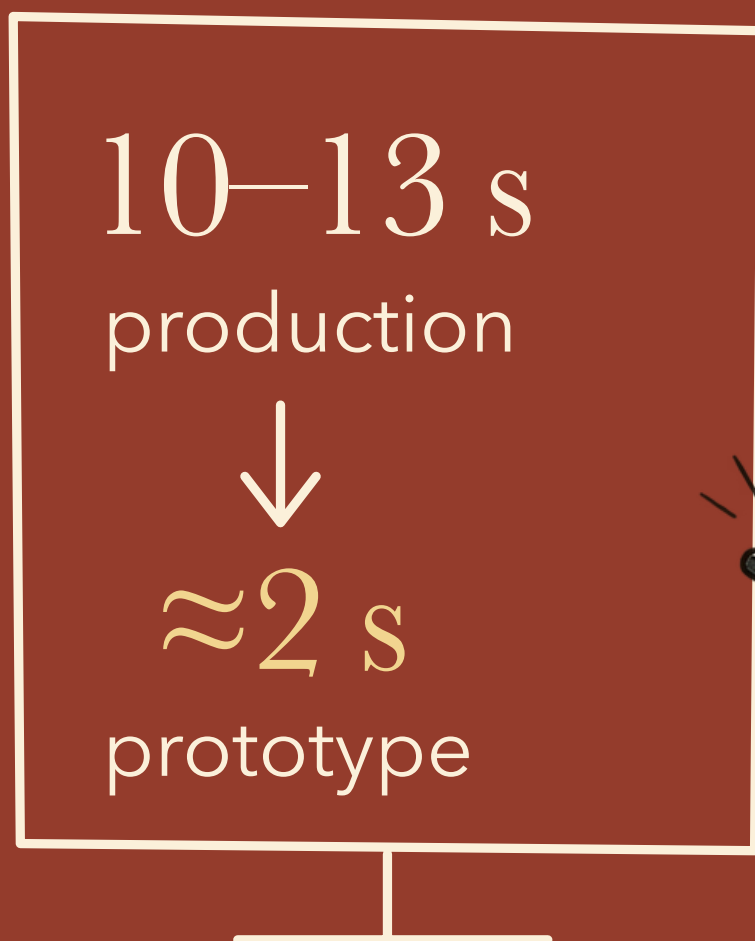

Managed
service

A commercial service, with capacity and
monitoring.

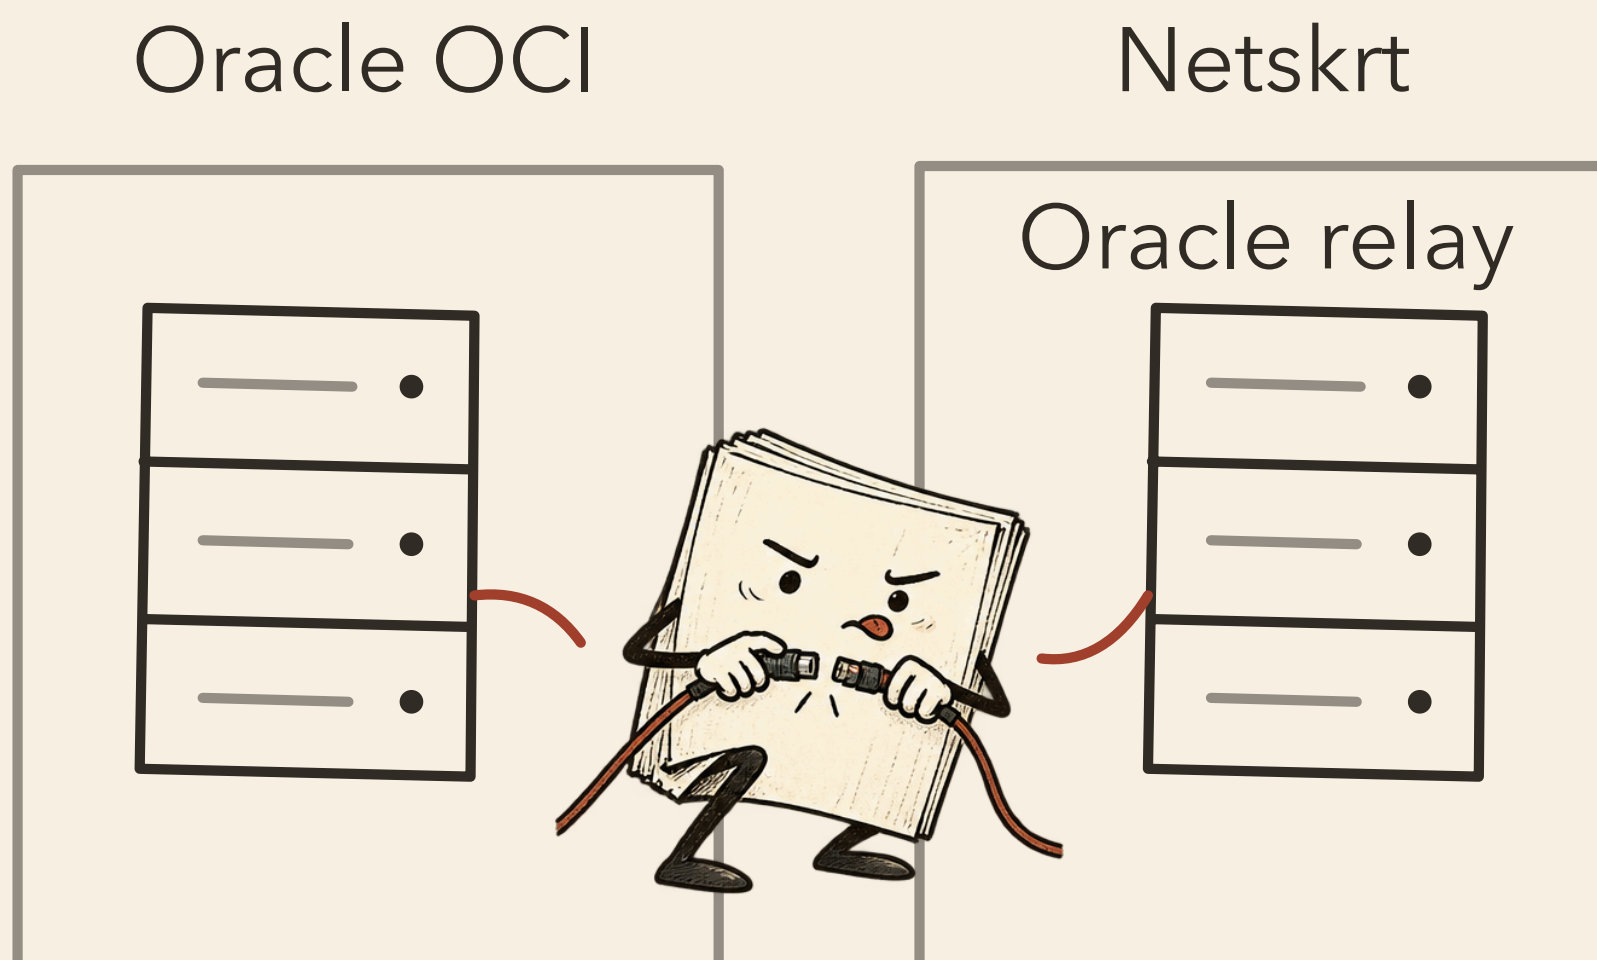

Less waiting. *More television.*

Zattoo

Vendor-reported tests. Not commercially available.

One path. *Two networks.*

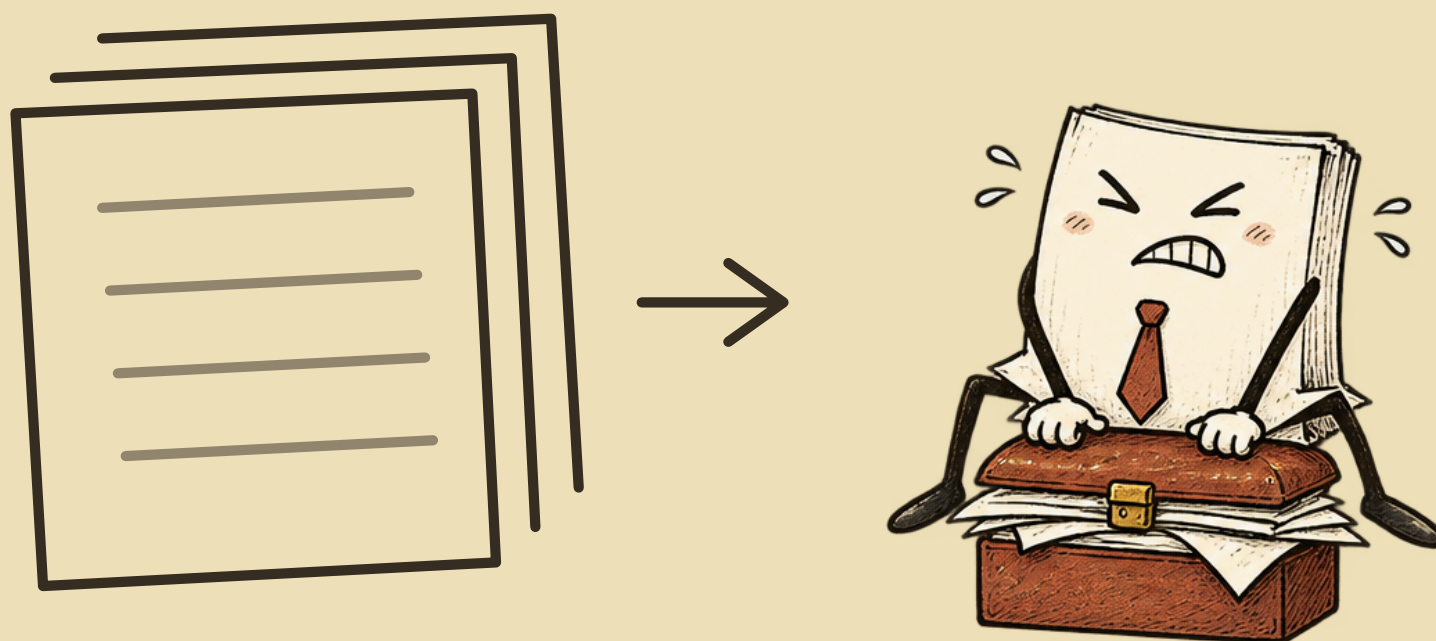

IBC demo

Separate operators, coordinating delivery.

Audio travels *lighter.*

100+ bytes

≈ 2 bytes

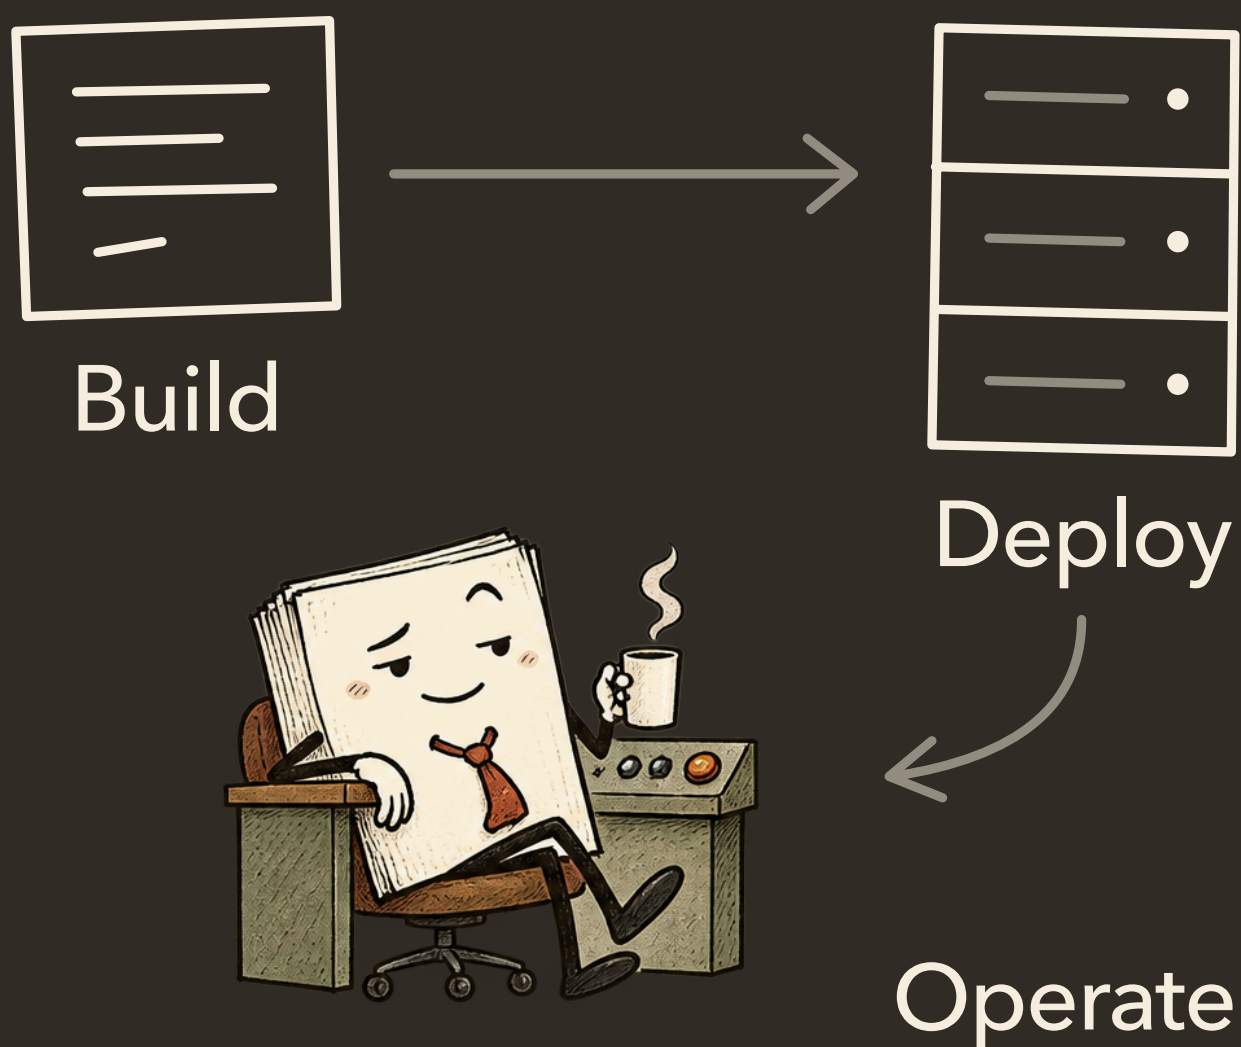

repetitive overhead

LocMAF proposal

Receiver rebuilds CMAF. Not yet adopted.

From building it *to running it.*

The week's signal: integration is becoming the work.
